- **RP Global Missions Prayer Request** – Please pray for one of our congregations in South Asia as they minister the good news of the gospel in a land ravaged by COVID-19. Although this little church has been hit by COVID and several had taken ill, they are happy to report that none have died due to the disease. God has also helped a dear Christian friend spearhead a food relief drive through which more than 16,000 home-cooked meals have been served to COVID-affected families. The church member sending out the report has had the honor of being on the frontline with him, raising funds, driving campaigns, and partnering with several institutions and volunteers who are operating from their homes. While working with them to provide these meals, this church member realized that the church needed to bring emotional and spiritual comfort to those affected, and this led to an off-shoot prayer and counseling ministry for the affected which is now being run solely by a five-member team from this RP Church. Through this ministry, they have had the privilege of hearing the stories of several who lost spouses, fathers, mothers, and are continuing to battle fear and death. They have prayed with several unbelievers and they have begun counseling some of them in need of grief counseling. A close unbelieving friend of our church member who works with the state child welfare department is planning to roll out a statewide foster-care program for the COVID orphans (children left alone in homes, hospital wards, and street corners when both parents died of COVID) and she wants him and another Christian friend to aid her in this mammoth effort. Pray for the RP congregation to be protected during this time, and for them to be able to meet once again to worship the Lord soon. Pray also for several in the church who are either sick or have lost loved ones to COVID. Pray that vaccines will be administered speedily to the younger population, especially the vulnerable ones.
